

DISCOVER HOW TO BECOME A HIGH PAID SUPER COACH WHO GETS BIG RESULTS FOR THEIR CLIENTS (THAT KEEPS THE TESTIMONIALS AND REFERRALS ROLLING IN)!

BIOGRAPHY

After overcoming poverty, child abuse, rape, teen pregnancy, and near death, Amanda Goldman-Petri was able to persevere and grow 5 successful businesses by the age of 27. After perfecting her system for growing businesses, Amanda began her coaching career as founder of MarketLikeANerd.com. She quickly became internationally renowned as the "Work Smarter, Not Harder" Online Marketing Coach for entrepreneurs who want to maximize their profits while minimizing the amount of time and effort they put into their business. The business quickly expanded to 31 different countries and Amanda generated over half a million dollars in sales in under 4 months.

While she was happy with her own results, Amanda realized true success as a coach is dependent on your client's results. She therefore began shifting attention to how she could make a bigger impact in her clients' businesses and lives. This led to her invention of a series of quick cash injection campaigns. Using these campaigns, her clients generated nearly a million dollars in sales in less than 60 days. Today, Amanda teaches other coaches how to get bigger and faster results for their clients too.

Amanda has been featured on major media outlets such as Fast Company, Forbes, The Huffington Post, Small Business Trendsetters, ABC, CBS, NBC, FOX, Worth Magazine, International Business Times (and more). She was named one of the Top 30 Entrepreneurs Under 30 by Influencive, as well as an Under 30 Up and Comer by The Tampa Bay Business Journal.

DURING THIS PRESENTATION, YOU'LL DISCOVER:

How to create a service-focused coaching business that generates client testimonials and referrals all day long.

How to hone your coaching skills, so that your clients are getting bigger results even faster than ever before!

The 3 types of results you should aim to create for each and every client who walks through your virtual door!
